National Federation of Independent Businesses Endorses Rep. Gary VanDeaver as their Pro-Small Business Candidate for the 2022 Republican Primary in House District 1

New Boston, TX – The National Federation of Independent Businesses has announced that based on Rep. VanDeaver’s pro-small business voting record, personal beliefs, and professional experience as a small business owner, they have decided to endorse him as their candidate of choice for the 2022 Republican Primary and General Election.

“Small business is the backbone of the Texas economy,” NFIB State Director Annie Spilman said. “Representative VanDeaver has been a steadfast ally of small business during a tumultuous past two years. He understands the challenges of running a small business in Texas, and that’s why NFIB strongly supports him for reelection.”

The NFIB is the only business organization whose policy positions are established by their own members directly, not by executive staff or a Board of Directors. They advocate for small businesses in the areas of taxes, health care, labor, regulatory reform, and the economy. In 2021 alone, Rep. VanDeaver passed laws to protect small businesses from retroactive lawsuits (SB 6) and cut down on their taxes (HB 1195, SB 1438).

“Texas has one of the best economies in the world, and that is because of small businesses like those in House District 1,” said Rep. VanDeaver. “As a small business owner myself, I know the difficulties we will continue to face on the road ahead. I will continue to fight to give every small business owner a voice at the state legislature, cut down on government regulations, and lessen the tax burden on these hard-working Texans.”
